

Hemant Joshi

Freelancer

Recently, I graduated from high school in Dhangadhi, a small town in Nepal, and I intend to pursue a bachelor's degree in digital forensics. Passionate in social services and hypnosis, and psychology as well. Got relevant abilities by taking several related courses from udemy, youtube, and other sources, such as web development, python, c, and penetration testing. I worked on a few personal projects. Won't claim to be an expert, but I have sufficient programming and web development skills and some penetration testing skills. In the future, I want to work as a cyber crime analyst and a digital forensics specialist.

Web Content Writer

Hemant Joshi, Kathmandu, Bagmati Province

The founder of Nepdev contacted me to assist with content writing for their new meme marketing business. I was afterwards engaged as a content writer for their company and performed the following functions.

- Completed thorough research into assigned topics.
- Formatted articles, blogs and webpages with HTML, photos and infographics.
- Provided writing support in fast-paced environment for variety of public-facing materials.
- Wrote advertising material for use by publication, broadcast or internet media to promote sale of goods and services.
- Developed and edited informative, highly engaging, concise content for company websites and social media platforms customized for target audiences and company campaign objectives.

Current

Part Time Developer

NepDev, Undefined, Sudurpascchim

Nepdev is a network of young people collaborating on web-related projects, including website design and modest software development. It is not a large corporation but rather a tiny community founded as a startup by primarily undergraduate students. I had the opportunity to collaborate with NepDev on developing a website named iporesult.nepdevtech.com. I was responsible for assisting in the writing of code, as well as debugging and testing it.

2018-11 -
2022-10

Organizer Volunteer

Aishwarya Vidya Niketan, Dhangadhi, Sudurpaschim

- Organized school level competitions and volunteered in most of them

Education

2019-08 - 2021-12	High School Diploma <i>Aishwarya Vidya Niketan - Dhangadh, Kailali</i>
2017-04 - 2018-06	Secondary Education Examination <i>Aishwarya Vidya Niketan</i>

Works and Learnings

I've finished udemy ethical hacking classes, 100 days of python Bootcamp, web development Bootcamps, and various other courses and developed automation tools and websites. In addition, I was a founding member of SOSW (Students Organization For Social Welfare) and served as secretary in the interim. National Television ran a story about our efforts. In grade 9, my team and I built a Tesla coil, a laser security alarm, an anti-gravity disk, and a drone. We continued to build robotic wheelchairs and took part in the Bhabisya Steam Fest.
